● A Heartfelt Welcome to Parents of 1.5 to 2.5 Year Olds

For most toddlers, Playgroup is their very first experience outside the comfort of home and parents. At Kidzee Sector 12B, Dwarka, we understand how deeply emotional and sensitive this milestone is for your family.

Our settling philosophy is gentle and respectful: we never force sudden separation. We warmly welcome parents or grandparents to accompany their little ones in our lounge during the initial settling days until the child feels safe, secure, and excited to explore.

There is zero academic pressure here. Through sensory play, interactive rhymes, messy art, social bonding, and toilet training support, our loving teachers and attentive didis give your child a joyful, trusted second home.
